PROJECTS

Personal Website May 2021

- Designed and created a personal website from utilizing the platforms GIMP-2.10 and VSCode.
- Utilized HTML5, CSS3 and JavaScript to create a functional website.
- Created a strong UX/UI experience with the use of making it mobile friendly.

Church Website May 2020

- Volunteering my time to design and create a website from scratch for a local Church.
- This website will utilize HTML5, CSS3, and Javascript.
- Will be usable within the multi-platforms people utilize today for convenient browsing.
- Future progress will have backend work done to create an open "Prayer Request" section for anyone to utilize.

EXPERIENCE

Sales Specialist, Baby Gear Specialist, Furniture Associate - BuyBuy Baby Oct 2020 - Present

- Models exceptional customer service by building relationships with store customers; makes appropriate recommendations based on customer needs; drives sales through suggestive selling, add-ons, and home deliveries.
- Explains features of a broad array of merchandise to customers.
- Provides guidance to other associates in the merchandise category as needed.
- Manage the productivity of other associates within guidance of the supervisor.

San Jose Christian Alliance Church - IT Technical Support May 2020 - June 2020

- Originally helped with video and audio recording productions for pre-recorded services.
- Helped improve the bandwidth connection with them using Comcast and Peplink my 200% from what it was.

Intero Real Estate Service - Internship June 2016 – Aug 2016

- Maintained client information for quick reference, saved company time by digitizing advertisements, and edited website layouts; utilized WordPress to develop a better user-friendly experience.
- Entrusted to handle and deliver sensitive documents of clientele to agents in a timely manner.
- Provided excellent customer service to prospective clients as a representative of the real estate agent.
